

## 1. Register online

Visit [stem.org.uk/register](https://stem.org.uk/register) and select 'STEM Ambassador'.

## 2. Online induction

Find out what to expect when you volunteer as a STEM Ambassador.

## 3. Apply for a free DBS or PVG

Essential for working with young people, this will require an app-based ID check. Our team will be in touch to initiate your application after you've completed your induction process.

## 4. Begin volunteering!

Once approved, it's time to start making a real difference. You could start by registering for an activity with a teacher or youth leader or you may choose to update your skills with our free courses. Both of these opportunities can be accessed via your online dashboard.

## 5. Access your STEM Ambassador support system

At anytime, we are here to help.

Join the [STEM Ambassador Training Hub](#) to find courses and resources that support you.

You can connect with your regional [Delivery Partner](#) about activities near you or if you have more general queries about your account or the programme contact us at [stem-ambassadors@stem.org.uk](mailto:stem-ambassadors@stem.org.uk)
